

# Helena Trap Club

## Fall League Winners

The Helena Trap Club proudly announces the winners of its 8 week Fall League. League singles shooters receive a handicap based on their scores for the first two weeks. League scores that aren't handicapped are called "scratch" scores and are scored separately. Trophies are given for both handicapped and scratch scores. The highest score possible for 8 weeks of singles is 200 targets. Doubles and Continental are both run for 4 weeks. The highest score possible for Doubles is 200 targets, and for Continental is 100 targets.
